

Klima Fresh

DESCRIPTION

Within a short time (approx. 10 minutes) removes the unpleasant odors that are caused by bacteria and mold in air conditioning systems, ventilation ducts or vehicle interiors. Simple use without removal of the pollen or dust filter. A pleasant, fresh fragrance lingers behind. Works to prevent allergic reactions.

PROPERTIES

- Removes musty smells
- Exterminates molds and bacteria
- Provides fresh, clean air
- Increases comfort when traveling

TECHNICAL DATA

Base	:	Alcohol solution with fragrances	
Color	:	colorless	
Density at 20 °C	:	0.943	g/cm ³ DIN 51757
Solubility in water	:	soluble	

AREA OF USE

For cleaning and disinfecting vehicle air conditioning systems and vehicle interiors.

APPLICATION

Before using the product, the surface of the evaporator should be dried using the vehicle heater. Then switch off the air conditioning system, set the temperature switch to min. and operate the heating and ventilation system at max. blower capacity in air circulation mode. Shake can well before use and position in the intake area of the air circulation system (usually the front passenger footwell) using the box. Then activate the spray nozzle until this engages. During the spraying time (approx. 6.5 minutes) the windows and doors of the vehicle must be closed. To allow the cleaner to take effect, the vehicle doors should remain closed for another 3.5 minutes. After cleaning, dry the surface of the evaporator again using the vehicle heater and thoroughly ventilate the interior of the vehicle.

AVAILABLE PACK SIZES

Klima Fresh 150 ml

Part no. 4065
